

RECESSED LED SLIM PANEL - IC RATED

FEATURES:

- Recessed Slim LED Flat Panel Downlight. Color, Wattage & Lumen selectable, Available in 4-inch and 6-inch.
- This slim panel is 1/2" thick for easy installation in tight spaces, Type IC Rated so no housing required, Driver is inside connection box - no junction box needed.
- LED fixtures are much more efficient than incandescent lamps because less energy is converted to heat. Instead, most of the energy used creates visible light and is much stronger and brighter.
- Color Temperature (CCT) - 2700K, 3000K, 3500K, 4000K, 5000K

MATERIAL / FINISH:

- PS + AL
